Wood Veneer Ultimate Astragal

By combining the Ultimate Astragal's patented three-point sealing system with the aesthetic appeal of wood, you can match finishes to a wide variety of wood doors. This proven performer offers a 24" one-piece flush bolt and the patented three-point sealing technology. Utilizes a locking mechanism to prevent unlocking from the outside and has a DP47 Structural Rating and higher.*

* Depending on system

All Aluminum Body provides strength and encapsulates the inactive door to provide a secure fit.

Simple Solution Corner Pad is pre-applied to every astragal to assure proper weathersealing.

Patented "Floating" Boot lifts with the flush bolt to prevent excessive rubbing and wear that lead to poor performance.

4-Way Adjustable strikes assure proper margins, and one piece strike retainers allow for quicker installation of standard parts for any door and lock specification.

FEATURES

- **Wood Veneer Finish** available for all Ultimate Astragals: Ultimate, Ultimate Lite, Hurricane, Hoppe-Compatible and W&F-Compatible.
