

Patented Floating Boot

lifts with the flush bolt to prevent damage or wear that leads to poor performance with traditional boot-type seals. When the 9" bolt is thrown, the floating boot is secured in place to form a perfect seal.

Simple Solution Corner Pad

Pre-applied to every astragal, the Simple Solution ensures proper weathersealing at the weatherstrip.

Locking Lite Bolt Option

Flush bolt locking option has the same secure flush bolt locking mechanism that is standard in the Ultimate Astragal. This option adds a top and bottom locking capability to the 9" flush bolt unit.

Why buy an Ultimate Lite?

The same superior sealing system as the Ultimate Astragal, but uses a 9" one-piece flush bolt for cost efficiency. Locking mechanism is optional.

Features

- **Patented three-point sealing system**—eliminates water and air infiltration
- **Retractable floating boot**—will not compress or fall off after continued use for a lasting seal
- **4 way adjustable strike retainer**—easy installation of existing hardware
- **Patented performance**—U.S. Patents: 5,857,291; 6,491,326 and other patents pending

Lite Astragal Veneer

Combines the Lite Astragal's patented three-point system with the aesthetic appeal of real wood to match many interior finishes. The veneers are complimented by bronze end caps.

Veneer Finishes

Specifications Overview

Features

Patented Floating Boot	●
3-Point sealing system	●
4-way Positionable Strike & Deadbolt Plates	●
Simple Solution Corner Pad	●
PE650 Weatherstripping	●
Thermally Broken Aluminum Body	●
Locking Lite Bolt	●
24" Flush Bolt	○
9" Flush Bolt	●
Compatible for 7/8" spacing, 1-11/16" door panels	○
Availability/Options	
Available for 6/8, 7/0 and 8/0 door panels	●
Left or Right Hand Positioning available	●
Available for inswing or outswing applications	●
Non Thermally Broken Aluminum Body	●
Security Flange Option for outswing doors	●
Flip-Lever Operation	○
Multi-Point Locking System	○
