

Interior T-Astragal

Endura Ventures Indoors

Product Summary

In response to customer requests to bring Endura quality indoors, we introduce the Interior T-Astragal. Produced with Pine, the Interior T-Astragal is offered in fingerjointed primed, fingerjointed unprimed, or clear finishes. The Interior T-Astragal is tapered to fit interior doors and can be ordered pre-mortised for flush bolts and handed for 8/0 lengths. The flush bolts feature a high-performing, flip-lever action and are sold separately in a wide variety of finishes. The Interior T-Astragal is offered with multiple options and superb value to fit your interior French door applications and bring Endura's unmatched quality indoors.

Options

- 6/8, 7/0, 8/0 cut-to-length capabilities
- Specify handing for 8/0 doors
- Primed, unprimed and clear finishes
- Top notching
- Profile, notching, and mortising drawings available
- Top or top and bottom bolt mortising
- 7" standard and 18" extension bolts for 8/0 doors
