DOOR COMPONENTS MADE IN THE USA

**PANOLOCK+**  
MULTI-POINT LOCK

PanoLock®+ is the first and only multi-point lock that works with a wide variety of off-the-shelf hardware, including electronic deadbolts! That's affordable security and performance for every entry door.

Works with a wide variety of standard hardware, including electronic deadbolts.\*

Use of multi-point locks has been limited due to high cost, difficult installation and operation, and the limitations of dedicated handleset hardware required for each lock offering. Not so with PanoLock®+.

An innovative system of adapters lets PanoLock+ work with a wide variety of off-the-shelf hardware. Both standard and smart locks. Brands like Schlage, Kwikset and more.

PanoLock+ Square Adapter.

PanoLock+ can work with a thumb press, lever or knob.

**A. Tapered bolt.** Unlike other locks that tend to catch, PanoLock+'s tapered bolts engage easily, even when the door is out of alignment.

**B. Adjustable roller strike.** Rollers lower operating force allowing the tapered bolt to gently snug the door panel against the weatherstrip.

#### Faceplate Finishes

Bronze Anodized Satin Nickel

#### Adjustable Strike Plate Finishes

Victorian Bronze Satin Nickel Bright Brass

## Security. Performance. Standard.

### Easy to live with.

A simple turn of the deadbolt operates both tapered bolts smoothly and the handle-set operates the handleset latch. Three points of secure contact. PanoLock+ is easy to live with, even after years of use.

### Easy to work with.

PanoLock+ is flexible. Handing and swing can be set in the shop, reducing SKUs.

- No dedicated hardware required.
- No need for dedicated panels.
- No difficult installation.
- No expensive templates.

### Tested and proven.

PanoLock+ has been extensively tested and proven to perform, even in severe conditions. PanoLock+ withstood winds up to 200 mph in structural testing.

- Operating torque/force tested as low as 2 in/lbs with select handle sets.
- Durability Cycle Testing Passed 100,000 cycles.
- Air infiltration and exfiltration Tested to A2.
- Water Infiltration and Exfiltration Tested DP60 with Z-Articulating Cap sill.
- Impact/Forced Entry Resistance Tested Grade 40.

\*Please refer to Endura's website to verify that your lockset choice has been tested for compatibility with PanoLock.
